

PAYWARE MOBILE e335 MOBILE MAXIMIZER

With more retailers appreciating how tablets can enhance their store sales, Verifone's next-generation PAYware Mobile e335 maximizes that potential. The device pairs with the Apple® iPad mini™ to let retailers establish a POS anytime, anywhere. Use the iPad mini to check inventory, verify availability and confirm pricing. Accept mag-stripe, EMV chip and PIN cards and NFC/contactless transactions. Then, close the sale on the spot – with fewer walk-outs and a better customer experience.

INNOVATIVE DESIGN. FUNCTIONAL AND FLEXIBLE.

- Create a full-featured POS anywhere a sales representative interacts with a customer
- Securely locks into an iPad mini to dependably accept payments anywhere
- Features a shoulder strap and an elastic hand strap to guard against mishaps when handing to a customer
- Has a built-in PIN pad and fast scanning 2D laser barcode scanner
- Optional ability to email receipts to customers, or print to a centralized printer

SPECIFICATIONS

Processor	400 MHz ARM11 32-bit RISC processor
Memory	128MB Flash 64MB SDRAM
Display	128 x 32, monochrome
Connectivity	Apple Lightning connector
Card Readers	Triple track bi-directional MSR landed smart card
